In short, Amoenus is a paradise of tranquility, wellness and exclusivity.

This prestigious complex is located in Rokabella, one of the newest and most spectacular residential areas in the south of Tenerife. A new nearby golf course will soon be available. Combined with the design by the renowned architect Teótimo Rodríguez Hermoso, the result is truly outstanding: innovation in every home that blends harmoniously with its surroundings.

AMOENUS comprises 4 types of homes: 13 semi-detached VILLAS, 12 DUPLEX units, 9 PENTHOUSES and 7 TRIPLEX homes, distributed across 3 blocks in rows: A, B and C, with block C being frontline to the sea.

Here we present the TRIPLEX type property.

It is located in row A, and its daytime living area, featuring a saltwater infinity pool and a large terrace, is situated on the first floor, offering a stunning, close and open frontal sea view.

The terrace connects through large sliding glass doors to the living room and a spacious open-plan kitchen, fully equipped including appliances. There is also a laundry room and a double bedroom with a full bathroom.

The lift connects to the sleeping area on the ground floor, where 3 spacious bedrooms with fitted wardrobes and en-suite bathrooms open onto beautiful gardens with endless sea views.

Descending by lift, you will find the garage and a multi-purpose room.

Modern features include integrated hot/cold air conditioning, a private lift, hot water via aerothermal system, photovoltaic energy, as well as a gated complex with video surveillance and solar energy.

An optional PREMIUM PACK will be offered to receive the property fully furnished and equipped, with very attractive extras.
